Environmental Policy

Policy Statement

Stewart & Heaton is an Australian owned company providing functional, high quality, innovative and cost-effective uniforms, workwear, protective and other clothing to government and industry.

Stewart & Heaton strives to conduct our business in an environmentally aware and responsible manner with minimal environmental impact for current and future generations.

Commitments to the Environment

To achieve this goal, Stewart and Heaton is committed to:

- Maintaining and continually improving an effective environmental management system certified to ISO14001:2015.
- Maintaining compliance to legislative, industry, contractual and other relevant external requirements.
- Integrating environmental best practice and continual improvement into all aspects of Stewart & Heaton's operations.
- Establish measurable environmental objectives and working towards them together to achieve them.
- Protecting the environment including prevention of pollution from our operations.
- Ensuring all employees have sound awareness of potential environmental impacts relevant to their work.
- Engaging management and employees in environmental improvement initiatives.
- Managing waste through the principles of reduce, reuse, and recycle.
- Considering life cycle, sustainability & circular economy options in product design as much as reasonably practicable.
- Mindful of the impact of climate change we will continue to source and prioritise the use of environmentally responsible vendors wherever possible. This is demonstrated by being certified to and/or complying with the requirements of the ISO 14001 Environmental Management Standard.
